Jobs at Automattic Beware of job scammers We've recently learned that some people have been contacted by scammers pretending to be part of the Automattic hiring team, using names like "Caelia

Simple solar sales software and layout + energy modeling app streamlines PV project development. Integrates seamlessly with AutoCAD to fast track

For residential solar panel layout, Aurora Solar offers the fastest AI-powered roof detection and panel auto-placement in the industry - generating optimized layouts in 5-10 minutes using

Since its public launch in 2006, we have enhanced WordPress with a number of add-on services to make blogging better, safer, and more fun. Many of these services are also available to self-hosted

Maximize solar potential with rapid conceptual design, automated layouts and seamless workflows for commercial and industrial PV projects. Increase your

yplanner.aiEfficiently Plan Your Solar Panel Layout with Our ToolOur solar panel layout tool and PV design
software make it easy for you to plan and optimize your solar panel installation. With advanced features and a
user

We're 1,448 Automatticians in 81 countries speaking 107 languages. We democratize publishing and commerce so anyone with a story can tell it, and anyone with a product can sell it, regardless of

Solar design software for installers and EPC companies. Create accurate PV layouts, perform shading analysis, and run system simulations to optimize

Import any maps or perspective photos (drone or site shots) and design directly on them, or switch to automatic panel design. Then export advanced, fully

Automattic is a Most Loved Company and Disability Confident Committed. (Here's what that might mean for you.) Learn more about our dedication to diversity, equity, and inclusion and our Employee
