Since that battery also supplies power to the ECU memory when the car is switched off, as well as powering the stop/start system, don't ignore it. Like the main battery, Volvo recommend

Hiya, I have an early 2014 D2 cross country automatic. It keeps complaining about battery level, even after our (rare but very long drives). So I think the battery is shot. Funnily, when I put my

The main battery is the one to look at. The secondary battery is only connected to the car by a relay for a fraction of a second during an engine restart from a stop/start event, when it

I've had both batteries replaced (with the correct models), done a 100 mile trip, overnight smart battery charge, charging voltage is fine, system messages cleared but I am still getting "low

My main battery just died, had it replaced with same, and car kept giving me Battery charging, so no stop start. When stop/start worked, it was for about 10 sec, and car would start, with

Explore key safety standards for Battery Management Systems (BMS) in automotive & industrial applications, ensuring safe, reliable high

The test aims to confirm that BMS autotests detect the introduction of corrupted data within safety-related software and configuration files and that the mode management function places the Battery

Household battery recycling locations Lead-acid batteries, or "automotive type batteries," are banned from disposal. Consumers may bring lead-acid batteries to any Wisconsin retailer that sells these

TBH I would look at a replacement battery on the back of that info - but can't you get one from where you bought it? I don't know what a compliance centre is but does the vehicle come with

Going to change the service battery in my 15 V40cc D2. Anything I need to be ware of or look out for ??
