Asmara Mobile Energy Storage Power Supply; Ltd is a high-tech enterprise specializing

Hiya, I have an early 2014 D2 cross country automatic. It keeps complaining about battery level, even after our (rare but very long drives). So I think the battery is shot. Funnily, when I put my

Household battery recycling locations Lead-acid batteries, or "automotive type batteries," are banned from disposal. Consumers may bring lead-acid batteries to any Wisconsin retailer that sells these

Have the battery checked at dealers - and just using a multimeter on the battery won't show duff cells in the battery. A new battery-cured mine - any decent auto-electric garage could do it.

Positioned to support Eritrea's renewable energy transition, the Asmara project aims to deploy a

The Asmara Energy Storage Project has emerged as a cornerstone initiative in East Africa's

So I think the time has come to replace the main battery. Its the original Volvo 70ah EFB battery that was on the car from new in 2016.. The car starts fine but I keep getting the "Low Battery

Since that battery also supplies power to the ECU memory when the car is switched off, as well as powering the stop/start system, don't ignore it. Like the main battery, Volvo recommend

Going to change the service battery in my 15 V40cc D2. Anything I need to be ware of or look out for ??
