The only presentation software you'll ever need. Easily create beautiful slides online with free custom presentation templates and a massive media library.

Any electrical power grid must match electricity production to consumption, both of which vary significantly over time. Energy derived from solar and wind sources varies with the weather on time scales ranging from less than a second to weeks or longer. Nuclear power is less flexible than fossil fuels, meaning it cannot easily match the variations in demand. Thus, low-carbon electricity without storage presents special challenges to electric utilities.

O Canva &#233; uma ferramenta gratuita de design gr&#225;fico online. Use o Canva para criar posts para redes sociais, apresenta&#231;&#245;es, cartazes, v&#237;deos, log&#243;tipos e muito mais.
