What is the opposite of free as in "free of charge" (when we speak about prices)? We can add not for negation, but I am looking for a single word.

"Free" and "on the house" both mean that you don't have to pay, but the inferred meaning is slightly different. If something is "free" it is without charge. For example, you might

Farmers can benefit from solar energy in several ways--by leasing farmland for solar; installing a

Ultimate guide to off grid solar systems. Learn about components, sizing, installation,

Similarly, "free education" is funded by the state (which is ultimately financed by taxpayers) and taught in state-run schools called state schools whereas schools that charge tuition

Off-grid solar installation, particularly for solar kits, will likely follow different and slightly simplified

"Free" absolutely means "free from any sorts constraints or controls. The context determines its different denotations, if any, as in "free press", "free speech", "free stuff" etc.

I don't think there's any difference in meaning, although "free of charges" is much less common than "free of charge". Regarding your second question about context: given that English

A friend claims that the phrase for free is incorrect. Should we only say at no cost instead?

Free ride dates back to 1880, while free loader is a more recent construction "freeloader (n.) also free-loader, by 1939, from free (adj.) + agent noun from load (v.) As a verb, freeload is
