Future licence holders for the use of RF spectrum in the 700 MHz frequency band are required to cover rural and urban areas, all motorways and certain railway routes with 5G. In urban

MANY definition: constituting or forming a large number; numerous. See examples of many used in a sentence.

Level: beginner We use quantifiers when we want to give someone information about the number of something; how much or how many. Sometimes we use a quantifier in the place of a determiner:

Ookla launched the Ookla 5G Map(TM) in May 2019 to present a full picture of the global expansion of 5G. At that time there were 300 deployments

You use many to indicate that you are talking about a large number of people or things. I don't think many people would argue with that. Not many films are made in Finland. Do you keep many books

Hrvatski Telekom has further enhanced its 5G network, which now covers more than two million people. Investments in technology have enabled

We use the quantifiers much, many, a lot of, lots of to talk about quantities, amounts and degree. We can use them with a noun (as a determiner) or without a noun (as a pronoun).
