I think that "Let A be a set, let B be a group, and let C be a number." is the most formal phrasing. Since this is a mathematically formal usage, I think that would be preferred, but I don't think any of the

This article provides a comprehensive overview of solar power generation, emphasizing its critical role in phasing out fossil fuels to combat climate change

Let go or be dragged. This is a saying often associated with Zen Buddhism (occasionally Stoicism). As far as I can tell, there's no historical connection, and it might well be originally English. ...

Master solar energy basics with our comprehensive 2025 guide. Learn how solar works, costs, installation, and savings. Everything beginners

Many people use "let, let's and lets" in conversation What's the difference between them?

Explore the diverse types of solar energy technologies, including

I find the distinction that MacMillan makes between not to mention and the supposedly synonymous let alone and still/much/even less useful: The phrases let alone and still/much/even less

In "Let's get started", the starting point is in view and "Let's get going", you are on the starting point already. Moreover, there is a sense of extra involvement abundantly made clear by the

Recently, I talked to a native speaker about the proper usage of the word "kindly". I frequently use phrases like "kindly let us know whether you agree with the suggested approach" in business let...

The relationship between z and w, on the other hand. Otherwise, know that a basic search will turn up let us in innumerable journal articles, official proclamations, formal invitations,
