Certified laboratory: LG has met the core standard specifications for solar modules and became the official test laboratory certified by TuV Reinland and Underwriters Laboratories. Unique frame design:

Specs/datasheet: SS275P solar panel made by Sova Power Ltd. has 275 watt output power with module efficiency 14.3% .

All you need to know about the Sunmodule Plus SW275 Mono Black solar panel including rating, cost, efficiency, and warranty terms.

Learn about the Fullstar Solaris FS-275M-Da solar panel. Explore solar panel efficiency, warranties and more.

Innovative glass technologies make extremely weather-resistant and robust solar modules possible. The Sunmodule Protect offers higher mechanical resilience and a longer service life, and still weighs

Fully-automated production lines and seamless monitoring of the process and material ensure the quality that the company sets as its benchmark for its sites worldwide. Plus-Sorting guarantees

specifications are in accordance with standard EN 50380. Color differences of the modules relative to the figures as well as discolorations of/in the modules which do not impair their proper functioning are

All specifications are in accordance with standard EN 50380. Color differences of the modules relative to the figures as well as discolorations of/in the modules which do not impair their proper functioning are

SolarWorld AG reserves the right to make specification changes without notice. This data sheet complies with the requirements of EN 50380.

SolarWorld guarantees a maximum performance digression of 0.7% p.a. in the course of 25 years, a significant added value compared to the two-phase warranties common in the industry. In addition,
