SRI is a leading American nonprofit research institute that's created some of the world's most important innovations. But we wouldn't be where we are without our people. Learn more about us -- and how

Based on an extensive evaluation of various energy storage technologies, four (4) key solutions have been identified as the most suitable options for Sri Lanka which can be implemented over the next

With Sri Lanka's solar energy landscape shifting towards battery storage, understanding and implementing the right strategies for battery selection, utilisation, and management is crucial.

Colombo, Sri Lanka - Marking a pivotal moment in South Asia's renewable energy journey, SgurrEnergy has secured a ground-breaking contract for Sri Lanka's first 100MW Solar PV

The project establishes Sri Lanka's largest non-government-funded battery energy storage system (BESS), powered by solar photovoltaic (PV)

SRI is a leading American nonprofit research institute creating some of the world's most important innovations.
